OFF CAN RECORD

Outline of the story so far... It was Kyoto in the near future, an era when human beings lived together with robots. Kurumi had been shutting herself in the closet after losing her lover, Hal, in an airplane accident. Kurumi's grandfather, Tokio, asked her to take care of Robot QOI. QOI, taking the body of Hal (as Robo Hal), heard of the past story of Kurumi and Hal from the people around her such as the old lady from the elderly home, and started to work to restore things to normal. Firstly, Hal started from cooking the meals. When Hal went out to the town for shopping, a guy named Ryuu called out to him. Ryuu seemed to know Hal in the past....

DO YOU

QUARREL  
WITH HIM?

..I'VE NEVER  
SEEN IT

BUT I HEARD IT  
FROM OTHERS

TOSS

RUNNING...

!

IT'S ALRIGHT

YOU DON'T  
HAVE TO SAY  
ANYTHING...

...Hal

I'm okay  
with just  
a small  
shop

BEEP

Hal, you  
don't get  
it at all!

...Anyway...

I'm sorry

What's that...?

I just want  
to entertain  
our shop's  
customers

How will we  
survive if you do  
it that way?

I will deliver every  
single thing that we've  
collected ourselves

...KURUMI,  
I HAVE DONE

A CRUEL THING  
TO YOU

A PERSON'S

I I THINK  
I DIDN'T REALLY  
UNDERSTAND  
YOUR REAL PAIN

IN HIS LIFE

IF ROBOTS
